

Student Facing APIs Documentation

1. Retrieve the other student's profile details by NUID:

Endpoint: /students/{nuid}

Endpoint URL: https://asd4.ccs.neu.edu:8082/students/{nuid}

Request Type: GET

Response Media Type: Json

Body:

```
{
  "StudentRecord":
  {
    "neuld": "004",
    "firstName": "Patricia",
    "gender": "F",

}

```

Status Codes:

Success: 200 OK

Failure: 400 BAD REQUEST

3. Update a student's profile PHOTO:

Endpoint: /students/{NUIID}/photo

Endpoint URL: https://asd4.ccs.neu.edu:8082/students/{NUIID}/photo

Request Type: PUT

Response Media Type: Base64

4. Update a student profile:

Endpoint: /students/{NUIID}

Endpoint URL: https://asd4.ccs.neu.edu:8082/students/{NUIID}

Request Type: PUT

Body:

```

{
    "address": "401 Terry Ave N",
    "campus": "SEATTLE",
    "city": "Seattle",
    "degree": "MASTERS",
    "email": "Patricia003@gmail.com",
    "enrollmentStatus": "FULL_TIME",
    "entryTerm": "SPRING",
    "entryYear": 2016,
    "expectedLastTerm": "SUMMER",
    "expectedLastYear": 2019,
    "firstName": "Patricia",
    "gender": "F",
    "lastName": "Taylor",
    "middleName": "",
    "phoneNum": "2060010058",
    "publicId": 9,
    "race": "Hispanic",
    "scholarship": false,
    "state": "WA",
    "visa": "",

```

```
"visible": false,  
"zip": "98109",  
"facebook": "",  
"linkedin": "",  
"website": "",  
"github": "",  
"skills": "",  
"summary": "",  
}
```

Response Media Type: Json

```
Body:  
{  
    Message: success  
}
```

Status Codes:

Success: 200 OK

Failure: 400 BAD REQUEST

5. Adds a new extra experience for a student:

Endpoint: /students/{NUIID}/extraexperiences

Endpoint URL: <https://asd4.ccs.neu.edu:8082/students/{NUIID}/extraexperiences>

Request Type: POST

Request Media Type: Json

```
Body:  
{  
    "neuld": "004",  
    "extraExperienceId": "",  
    "companyName" : "Amazon",  
    "title" : "Intern",  
    "startDate" : "2019-01-01",  
    "endDate" : "2019-04-01",  
    "description" : "Intern"  
}
```

Response Media Type: Json

```
Body:  
{  
    "extraExperienceId": // newly auto generated extra ExperienceId  
}
```

Status Codes:

Success: 200 CREATED

Failure: 400 BAD REQUEST

6. Add a new project for a student:

Endpoint: /students/{NUIID}/projects

Endpoint URL: <https://asd4.ccs.neu.edu:8082/students/{NUIID}/projects>

Request Type: POST

Request Media Type: Json

Body:

```
{
  "neuld": "004",
  "projectId": "",
  "projectName": "CNAO",
  "endDate": "2018-12-30",
  "startDate": "2018-12-30",
  "description": "Intern"
}
```

Response Media Type: Json

Body:

```
{
  "projectId": // newly auto generated project id
}
```

Status Codes:

Success: 201 CREATED

Failure: 400 BAD REQUEST

7. Get all the Extra Experience for a student by NUID:

Endpoint: /students/{NUID}/extraexperiences

Endpoint URL: <https://asd4.ccs.neu.edu:8082/students/{NUID}/extraexperiences>

Request Type: GET

Response Media Type: Json

Body:

```
{
  "ExtraExperiences": [
    {
      "neuld": "004",
      "extraExperienceId": "",
      "companyNam": "Amazon",
      "title": "Intern",
      "startDate": "2019-01-01",
      "endDate": "2019-04-01",
      "description": "Intern"
    },
    {
      "neuld": "004",
      "extraExperienceId": "",
      "companyNam": "Google",
      "title": "Intern",
      "startDate": "2019-01-01",
      "endDate": "2019-04-01",
      "description": "Intern"
    }
  ]
}
```

Status Codes:

Success: 200 OK

Failure: 400 BAD REQUEST

8. Retrieve a student's work experiences:

Endpoint: /students/{NUIID}/workexperiences/

Endpoint URL: https://asd4.ccs.neu.edu:8082/students/{NUIID}/workexperiences/

Request Type: GET

Response Media Type: Json

Body:

```
{
  "WorkExperiences" :
  [
    {
      "id":
      "Companyname":,
      "Title":
      "StartDate":
      "EndDate":
      "Description":
    },
    {
      "id":
      "Companyname":,
      "Title":
      "StartDate":
      "EndDate":
      "Description":
    }
  ]
}
```

Status Codes:

Success: 200 OK

Failure: 400 BAD REQUEST

9. Update an Extra Experience:

Endpoint: /students/{NUIID}/extraexperiences/{ID}

Endpoint URL: https://asd4.ccs.neu.edu:8082/students/{NUIID}/extraexperiences/{ID}

Request Type: PUT

Request Media Type: Json

Body:

```
{
  "neuld": "004",
  "extraExperienceId": 3,
  "companyName" : "CNAO",
  "title" : "Intern",
  "endDate" : "2018-12-30",
  "startDate" : "2018-12-30",
  "description" : "Intern"
}
```

Status Codes:

Success: 200 OK

Failure: 400 BAD REQUEST

10. Update a Project:**Endpoint:** /students/{NUID}/projects/{ID}**Endpoint URL:** https://asd4.ccs.neu.edu:8082/students/{NUID}/projects/{ID}**Request Type:** PUT**Request Media Type:** Json

Body:

```
{
  "neuld": "004",
  "projectId": 3,
  "projectName": "CNAO",
  "endDate": "2018-12-30",
  "startDate": "2018-12-30",
  "description": "Intern"
}
```

Status Codes:

Success: 200 OK

Failure: 400 BAD REQUEST

11. Delete an extra experience for a student:**Endpoint:** /students/{NUID}/extraexperiences/{ID}**Endpoint URL:** https://asd4.ccs.neu.edu:8082/students/{NUID}/extraexperiences/{ID}**Request Type:** DELETE**Status Codes:**

Success: 200 OK

Failure: 400 BAD REQUEST

12. Delete a project for a student:**Endpoint:** /students/{NUID}/projects/{ID}**Endpoint URL:** https://asd4.ccs.neu.edu:8082/students/{NUID}/projects/{ID}**Request Type:** DELETE**Status Codes:**

Success: 200 OK

Failure: 400 BAD REQUEST

13. List of all graduation years:**Endpoint:** /graduationyears**Endpoint URL:** https://asd4.ccs.neu.edu:8082/graduationyears**Request Type:** GET**Response Type:** Json

Body:

```
[
  "2016", "2017", "2018"...
```

]
Status Codes:
Success: 200 OK
Success and response empty: 204 NO CONTENT
Failure: 400 BAD REQUEST

14. List of all coops:
Endpoint: /coops
Endpoint URL: https://asd4.ccs.neu.edu:8082/coops
Request Type: GET
Response Type: Json
Body:
[
Amazon", "Google", "Reddit"...
]
Status Codes:
Success: 200 OK
Success and response empty: 204 NO CONTENT
Failure: 400 BAD REQUEST

15. List of all Courses:
Endpoint: /courses
Endpoint URL: https://asd4.ccs.neu.edu:8082/courses
Request Type: GET
Response Type: Json
Body:
[
"CS 5800", "CS 5600, "CS 1010"...
]
Status Codes:
Success: 200 OK
Success and response empty: 204 NO CONTENT
Failure: 400 BAD REQUEST

16. List of all Enrollment Years:
Endpoint: /enrollmentyears
Endpoint URL: https://asd4.ccs.neu.edu:8082/enrollmentyears
Request Type: GET
Response Type: Json
Body:
[
"2016", "2017, "2018"...
]
Status Codes:
Success: 200 OK
Success and response empty: 204 NO CONTENT
Failure: 400 BAD REQUEST

17. List of all Campuses:
Endpoint: /campuses
Endpoint URL: https://asd4.ccs.neu.edu:8082/campuses
Request Type: GET

Response Type: Json

Body:

```
[  
  "Seattle", "Silicon Valley", "Boston"...  
]
```

Status Codes:

Success: 200 OK

Success and response empty: 204 NO CONTENT

Failure: 400 BAD REQUEST

18. Login a Student:

Endpoint: /login

Endpoint URL: https://asd4.ccs.neu.edu:8082/login

Request Type: POST

Body:

```
{  
  "email"           : "meha@husky.neu.edu"  
  "password"        : "password"  
}
```

Response Type:

Body:

```
{  
  "id": "MDAxMjM0MTIz",  
  "token": "eyJhbGciOiJIUzI1LCJlbnMiOiJBMTI4Q0JDLUhTMjU2In0"  
}
```

Status Codes:

Success: 200 OK

Failure: 400 BAD REQUEST

19. Logout a Student:

Endpoint: /logout

Endpoint URL: https://asd4.ccs.neu.edu:8082/logout

Request Type: POST

Body:

```
{  
  "email"           : "meha@husky.neu.edu"  
  "authenticationkey" : "78230910290"  
}
```

Response Type: none

Status Codes:

Success: 200 OK

Failure: 400 BAD REQUEST

20. Request registration email:

Endpoint: /registration

Endpoint URL: https://asd4.ccs.neu.edu:8082/registration

Request Type: POST

Body:

```
{
```

```
        "email"                : "eppacher.a@husky.neu.edu"
    }
```

Response Type: none

Status Codes:

Success: 200 OK

Success but user already has password: 401 NOT AUTHORIZED

Failure: 400 BAD REQUEST

21. create password for account/reset:

Endpoint: /password-create

Endpoint URL: https://asd4.ccs.neu.edu:8082/password-create

Request Type: POST

Body:

```
{
    "email"                : "meha@husky.neu.edu"
    "password"              : "password"
    "registrationkey"       : "79839874"
}
```

Response Type: none

Status Codes:

Success: 200 OK

Success but invalid registration key: 401 NOT AUTHORIZED

Failure: 400 BAD REQUEST

22. Change a password for an account:

Endpoint: /password-change

Endpoint URL: https://asd4.ccs.neu.edu:8082/password-change

Request Type: POST

Body:

```
{
    "email"                : "meha@husky.neu.edu"
    "oldPassword"          : "password"
    "newPassword"          : "79839874"
}
```

Response Type: none

Status Codes:

Success: 200 OK

Success but invalid Password: 401 NOT AUTHORIZED

Failure: 400 BAD REQUEST

23. Request Password Reset:

Endpoint: /password-reset

Endpoint URL: https://asd4.ccs.neu.edu:8082/password-reset

Request Type: POST

Body:

```
{
    "email"                : "eppacher.a@husky.neu.edu"
}
```

Response Type: none

Status Codes:

Success: 200 OK

Success but user has not registered: 404 NOT FOUND
Failure: 400 BAD REQUEST

24. Get the Privacy:

Endpoint: /students/{NUID}/privacies/

Endpoint URL: https://asd4.ccs.neu.edu:8082/students/{NUID}/privacies/

Request Type: GET

Response Media Type: Json

Body:

```
{
  "neuld": "004",
  "publicId": 7,
  "visibleToPublic": true,
  "photo": true,
  "coop": true,
  "phone": true,
  "email": true,
  "address": true,
  "linkedin": true,
  "github": true,
  "facebook": true,
  "website": true,
  "course": true,
  "extraExperience": true,
  "project": true,
  "skill": true
}
```

Status Codes:

Success: 200 OK

Failure: 400 BAD REQUEST

25. Update a Privacy:

Endpoint: /students/{NUID}/privacies/

Endpoint URL: https://asd4.ccs.neu.edu:8082/students/{NUID}/privacies/

Request Type: PUT

Request Media Type: Json

Body:

```
{
  "neuld": "004",
  "publicId": 7,
  "visibleToPublic": true,
  "photo": true,
  "coop": true,
  "phone": true,
  "email": true,
  "address": true,
  "linkedin": true,
}
```

```

        "github":true,
        "facebook":true,
        "website":true,
        "course":true,
        "extraExperience":true,
        "project":true,
        "skill":true
    }

```

Status Codes:

Success: 200 OK

Failure: 400 BAD REQUEST

26. Retrieve the List of selected graduation years, coops, campuses, courses, enrollment years and Quantity of students that fit those inputs and a list of students

Endpoint: /filterstudents

Endpoint URL: https://asd4.ccs.neu.edu:8082/filterstudents

Request Type: POST

Body:

```

{
    "coops"           :["Amazon", "Google", "Reddit", ...],
    "campuses"        :["Silicon Valley", "Boston", "Seattle", ...],
